OVER IN MEXICO.

The Battle of the Big Fellows May Take Place Across the Rio Grands. SAN ANTONIO, TEXAS, Oct. 3.—Charles

Campbell and several other parties in this city, among them a Mexican official, have made a proposition to Dan Stuart to get a concession in Mexico to pull off the fights there. Stuart has agreed, if absolute immunity from interference is guaranteed. The gentlemen, who have very high and influential connections in Mexican official life, to-day received telegrams announcing that the states of Chihushua, Coahuila and Tamaulioas had granted concessions to pull off a "general athletic and built fighting exhibition" in these states October 31. Which, if any, of these concessions will be used will not be determined for several days. If the Chihushua concession should be used the flight will come off at Junrez, which is just across the riverfront El Paso. absolute immunity from interference is

from El Paso.

Each town will be asked to contribute toward the expense and the amount of these contributions will be an element in selecting the place. The concessions carry with them an absclute guarantee of non-interference. There is a builting ateach place, capable of seating from 18,000 to 20,000.

Stuart is undecided, but the general opinion is that the fight is more likely to take place at Colberts than anywhere else. New Larado, Mexico, and Texarkana, Arkanasa, are also candidates, but with very little prospect of either getting it. Stuart will hardly know what he will do before to-morrow. There is much bitter feeling here against Governor Culberson. Many usually conservative citizens openly declare he ought to be burned in openly declare he ought to be burned in office.
